- Any meal choices/Allergies etc
- Arrangements for booking Berths
- Any special notes for arrivals such as inform Host and/or Marina for berthing instructions
- Instructions/parking/access codes for anyone arriving by Car
- Facilitate sailing in company particularly for newcomers.

#### **Support**

Often a subsidy is available for funding part of the event – Refer to the Treasurer  
Organise how meals etc will be paid – refer to Treasurer for support/advice

#### **FOLLOW UP**

This section does include some requests to assist in the support of the MOA east coast publicity to encourage future attendance of the East coast members..

- Please organise someone in advance to take photographs of the event. (A picture paints a thousand words.) Pictures should be as high a resolution as possible (we can always reduce quality if needed). It is suggested that the hosts delegate this task as it usually proves difficult to host and take interesting photo's at the same time.
- Please write a report of the event 1 page or so. This is used for publicity and having numerous styles helps give variety to the reports. Previous reports can be seen on the website <https://moodyowners.org/branches/east-coast/>
- Please make a separate note of the wind strength and weather forecast for the weekend and the number of boats, attendees and Cars that attend.
- Please send the reports photos and the above note to both the EC Web Site Administrator and the EC Captain
