

Hamble Rally Report July 24th/25th

There was an early start for the four dinghy's trip up the Hamble river, it was a murky morning which meant wet weather gear was required. Once under the motorway bridge you enter another world, very Swallow's and Amazon's. We had a lovely lunch at the Horse and Jockey then the trip down the river. Bypassing the Hamble duck race, some were lured by the ice cream boats.

The sun came out for Pimms on the pontoon in the afternoon before a meal at the Old Ship, Swanwick.

We were greeted by rain for our trips home.
