

A total of 12 boats made the rally to Lymington and or Poole. Boats arrived in Lymington from 1pm onwards on Thursday 2 June and we kick started the weekend with a 'fizz and cake' pontoon party in glorious late afternoon sunshine.

All of the lovely homemade cakes were provided by our members. On Friday boats departed in sunshine and light winds at midday for Poole, with many taking part in the Dixon race. Boats reported a mixture of very light winds and wind shifts during the race, and a mix of sunshine, cloud and squally rain showers! Well done to all the boats who persevered with completing the race. On arrival in Poole Town Quay many boats entered into the spirit of the weekend and dressed their boats with flags and bunting making a magnificent display.

On Saturday members explored the town, visiting the museum and some followed the very informative and interesting 'Poole Cockle Trail' which traces the town's rich historical heritage and is thoroughly recommended if you are ever in Poole. On Saturday evening our second pontoon

party of the weekend was held prior to us attending a dinner at the nearby Poole Lifeboat College.

It was lovely to meet new members, some of whom were attending their first Moody Rally. We hope to see them again on future rallies.
